The Steps in a Personal Assessment with a Cornerstone LifeCare Consultant

Cornerstone LifeCare Clients

Our clients come from all walks of life. They may have several people involved in their care plan including adult children, family members, and friends. We can take the burden off these supporters. Cornerstone LifeCare specializes in serving out-of-town family members who assume responsibility for their relatives' care.

The Initial Meeting

A Cornerstone LifeCare Consultant will meet with the client and supporters to gather information on their health, living environment, general financial situation, and current medical providers. Evaluated items include physical capabilities such as mobility and ability to function in the home, living environment safety and accessibility, and overall personal requirements.

The Recommendations and Report

Following the initial meeting, the Cornerstone LifeCare Consultant will use their breath of experience to process the information. A report is written with specific recommendations including immediate action steps, such as a medical examination or more in-depth living environment review.

Follow-up Process

Along with the written report the Consultant will discuss specific recommendations with the client and supporters. At Cornerstone LifeCare we have high quality, vetted service providers called Partners. A special benefit is the opportunity for personal introductions to these Partners. Living Environment recommendations may include aging in place remodeling and senior living community options. Personal Services guidance often involve areas such as home health, legal, financial, and medical needs.

Ongoing Relationship

In addition, Cornerstone LifeCare Consultants are available for future service needs and Partner identification, as well as long-term, hands-on guidance.

Cornerstone LifeCare Consultants are a valuable resource to assist in the often challenging and confusing process of making life decisions for yourself or your loved ones. At times it can be intimidating navigating through the maze of possible providers. It can be an overwhelming task to be responsible for knowing what needs to be done, where to live, and which personal service providers to choose.

Cornerstone LifeCare Consultants are empathetic advocates that assess your situation, provide recommendations, connect you to resources and provide ongoing support as needed.
