Trial Dates: September 1st to October 31st

The **APP runs passively on users phones** so there will be no additional time commitment or effort for participants of the APP trial.

Participants only need to register, take 5 short surveys, and do a final 3 minute interview to receive **6 to 12 months of free caregiving support!**

Your valuable feedback will help Homecoming Technologies develop these important caregiving tools.

Homecoming Technologies needs your HELP!

We are looking for caregivers and seniors to participate in a **free trial** of our new caregiving APP.

If you and your loved ones want to **experience less stress** and **greater independence** please consider being a participant in the **Homecoming Caregiving trial**.

Participants will have access to:

- Digital “Care Spaces” to enhance independent living
- Real time Notifications to ease the burden of caregiving vigilance
- Bluetooth & IoT technology for in home peace of mind
- Smart plug technology to monitor medical devices
- Enroll other caregivers for greater support in your “care space”
